Current Address

Walapane, Sri Lanka, 22285

PROFESSIONAL SUMMARY

Civil & Structural Engineer with over 2 years of professional experience in structural design, site supervision, quality control, and project coordination of RCC and steel structures. Experienced in structural analysis and design using ETABS, SAP2000, Prokon, and Tekla Structural Designer, with involvement in both design office and site based Engineering activities. Skilled in reviewing drawings, monitoring construction quality, preparing technical reports, and coordinating with contractors and consultants to ensure compliance with project specifications and Engineering standards.

CAREER SUMMARY

- **Civil Engineer** | CeyWater Consultants (Pvt) Ltd, Dehiwala, Sri Lanka. Feb 2026– Ongoing
 - Performed structural analysis and design of RC structures using industry related software in accordance with relevant design standards.
 - Prepared structural calculations, construction drawings, and technical reports while coordinating with multidisciplinary Engineering teams on local and international projects.
 - Conducted design reviews, drawing checks, and site inspection activities to ensure compliance with project specifications, quality requirements, and engineering best practices.
- **Junior Structural Engineer** | Hayleys Fentons Limited, Colombo, Sri Lanka. Oct 2025 –Feb 2026
 - Developed and executed steel designs and RCC designs for ground mount and commercial solar supporting structures, managing the process from initial site visit and assessment through to design finalization.
 - Executed structural analysis and design verification using industry standard software, including ETABS, SAP2000, and other structural design programs.
 - Led and supported site coordination activities for ground mounted solar PV projects alongside other engineers.
- **Junior Civil Engineer** | CeyWater Consultants (Pvt) Ltd, Dehiwala, Sri Lanka. Oct 2024– Oct 2025
 - Performed structural modeling, Analysis, and Design of water retaining structures and buildings using SAP2000, ETABS, and Prokon, ensuring compliance with local and international standards.
 - Prepared detailed design reports and documentation supporting major infrastructure projects.
 - Reviewed and marked up structural and Civil drawings to ensure accuracy prior to senior Engineers review.
 - Represented Ceywater Consultants in the Rajshahi WASA Water Supply Project (Bangladesh) as part of the design review team, attending client meetings and site visits, gaining international project experience.

EDUCATION

- **BSc Eng Hons in Civil Engineering** |University of Sri Jayewardenepura, Sri Lanka. Dec 2019 – Oct 2024

Overall GPA - 3.61/4.0, Second Class Honors (Upper Division)
- **Diploma in Structural Design with Tekla Structural Professional** Oct 2025 – Jan 2026

| ArchiTech CAD Academy, Sri Lanka.
- **Certificate in Structural Design of Buildings to Eurocode 2** Jan 2026 – May 2026

| Matrix Graduate School, Sri Lanka.
- **Diploma in Engineering Draftsmanship with AutoCAD** Jan 2026 – Apr 2026

| ArchiTech CAD Academy, Sri Lanka.
- **Diploma in Revit Architecture** Apr 2025 – Dec 2025

| ArchiTech CAD Academy, Sri Lanka.
- **G.C.E. Advanced Level Examination** | Poramadulla Central College, Rikillagaskada. Aug 2018

Results: Chemistry - A, Physics - B, Combined Mathematics – B
- **G.C.E. Ordinary Level Examination** | Poramadulla Central College, Rikillagaskada. Dec 2013

Overall Results: 6A, 3B

KEY COMPETENCIES

AREAS OF EXPERTISE

- Structural Analysis & Design
- Geotechnical Engineering
- Surveying
- Project Management
- Sustainable Engineering
- Material Science
- Safety Compliance

TECHNICAL SKILLS

- SAP 2000
- ETABS
- AutoCAD
- Revit Architecture (BIM)
- Primavera P6
- MS Project
- Microsoft Office Package

SOFT SKILLS

- Ability to work independently.
- Analytical Thinking
- Communication Skills
- Problem-Solving
- Leadership
- Team Collaboration
- Time Management

RESEARCH AND PROJECT EXPERIENCE

- **Final Year Research Project | Development of Green Concrete Partially Containing Locally Available Recycled Glass Waste** 2023-2024
Researched sustainable alternatives to traditional concrete by integrating recycled waste glass into the mix, aiming to advance ecofriendly construction practices within the industry.
- **Final Year Comprehensive Design Project | Mixed Development Project for Municipal Council Kurunegala, Sri Lanka.** 2023-2024
Led a team in the structural design of a shopping mall and public parking facility, utilizing industry standard software including AutoCAD, Revit, SAP 2000, ETABS, and SAFE for detailed modeling and analysis.
- **Preliminary Plan Development | Mahindodaya Primary School in Dambadeniya.** 2023
Collaborated with the Civil Engineering Society at the University of Sri Jayewardenepura conducted surveys to create a master plan for school infrastructure development.
- **Survey Camp** 2023
During a two-week hydrological infrastructure survey camp in Galgamuwa, Sri Lanka, I contributed to the development of solutions for optimizing water distribution in the right bank canal of the Palukadawala area, aimed at achieving the goal of zero hunger.

CERTIFICATIONS AND ONLINE COURSES

- **Construction Project Management** 2025
| Columbia University EduTech (Online)
- **Design Basics of Steel Buildings & Modelling, Analysis and Design of Steel Buildings** 2025-Present
| L&T EduTech (Online)
- **Awareness on Construction Equipment Operation** 2024
| Construction Machines Operator Training College, Galkulama, Sri Lanka

PROFESSIONAL AFFILIATIONS

- Associate Member of Institute of Engineers, Sri Lanka (IESL) - AM32875
- Associate Member of Engineering Council, Sri Lanka (ECSL) – 219274

LANGUAGE PROFICIENCY

- English: Working Proficiency
- Sinhala: Native
